Epworth Freemasons Hospital  
Outreach Program at the Park Hyatt

*bonding with your baby  
is an emotional and  
amazing experience*

## *introducing our outreach program*

Bonding with your baby is an emotional and amazing experience. At Epworth Freemasons we have always put a spotlight on providing the environment that will help with that process. We believe the Outreach Program at the boutique Park Hyatt Melbourne is an extension of that care. We are delighted to be working in partnership with them and with you to provide a most positive birthing experience.

## *the program*

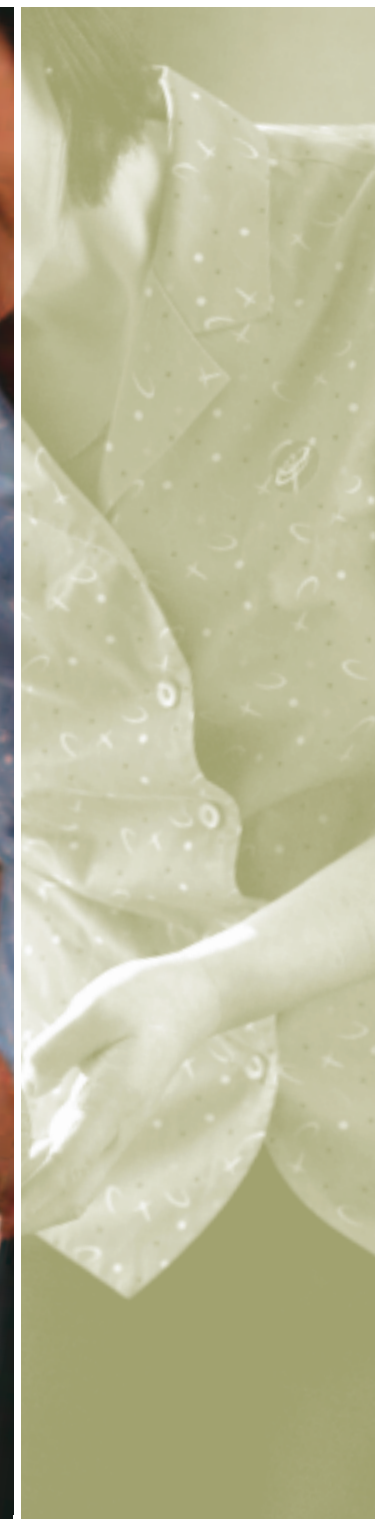

The Epworth Freemasons Outreach Program at the Park Hyatt Melbourne will be a transition between our hospital and your home. If you and your baby are accepted into the program you will receive the same level of care as in the hospital but in a less clinical environment.

But, because each birth and situation is different, our program is not a concept for everyone. A strict criterion supports the transfer of women to Park Hyatt Melbourne. Your obstetrician and maternity staff will discuss your suitability with you following your birth.

Distinctive in location, design and interior, Park Hyatt Melbourne is just minutes from the city and a very short distance across the park from our hospital.

With the consent of your obstetrician, you and your new baby will be transferred across the park and upon arrival, you will be escorted directly to your private hotel room where you and your family can relax and enjoy all the comforts that Park Hyatt Melbourne has to offer you.

An experienced midwife is available 24 hours a day to assist in caring for you and your baby. Please note there are no nursery facilities available at the hotel.

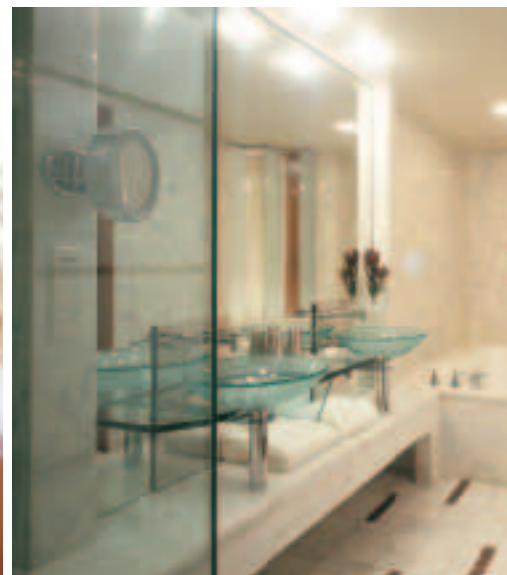

*relax at the  
park hyatt melbourne*

Park Hyatt Melbourne is home to the largest guestrooms in Melbourne, each a haven of luxury and absolute comfort, beautifully appointed with warm sumptuous fabrics, leather, wood and original artworks. The signature Italian marble bathrooms feature double glass hand basins and an oversized shower with built-in bathroom television and music.

All meals are served from room service at a time that is convenient to you and your baby's feeding requirements.

The Hotel's facilities are all available to you. Enjoy a meal at the renowned radii Restaurant, or pamper yourself with a massage or day spa treatment at the Park Club Health and Day Spa, at an additional cost.

## *costs incurred during your stay*

Your stay at the Park Hyatt Melbourne is included in the obstetric component set by your private health fund.

This includes three meals a day from room service, housekeeping and local calls. Your husband and other children can sleep over at no cost. However the Park Hyatt will charge your credit card for any additional costs associated with your hotel stay. Such costs would include partner's and children's meals, valet parking, bar fridge contents and day spa activities (massages, pedicures).

The pool and gym facilities are at no cost to you and your family. If you wish to extend your stay at Park Hyatt Melbourne, special rates have been negotiated. Please advise the hotel if this is your intention.

## *24 hour maternity support*

A midwife will be in attendance at the Hotel and available for assistance 24 hours a day for both you and your baby. Your obstetrician will continue to oversee your care throughout your stay.
