Conveniently located near the Clyde Road entrance to the Princes Freeway, Epworth Specialist Centre Berwick provides the local community with access to a range of medical, surgical and allied health services.

Patients benefit from a broad range of specialists who offer consultations locally at Berwick and provide further treatment at Epworth's leading acute hospitals in Richmond, Box Hill and East Melbourne. On-site pathology and radiology services are also bulk billed.

Our specialists have short waiting times and offer pre and post-op consultations in Berwick, as well as access to Epworth's renowned facilities.

This includes Australia's first da Vinci robots, high-level critical care, day procedure facilities, catheter laboratories, rehabilitation services and hospital in the home.

GPs are also supported by Epworth's dedicated GP liaison team, who provide the integral link between Epworth's specialists and services through GP education and communication programs.
