Conveniently located on Little Collins Street in the heart of Melbourne's CBD, Epworth Specialist Centre City provides those living, working or studying in Inner Melbourne with easy access to a range of health services.

Our medical specialists offer pre and post-op consultations in the luxury of our city suites and provide further treatment at Epworth's leading acute hospitals in Richmond, Box Hill and East Melbourne.

Our specialists have short waiting times as well as access to Epworth's renowned facilities, including Australia's first da Vinci robots, high-level critical care, day procedure facilities, catheter laboratories, rehabilitation services and hospital in the home.

GPs are also supported by Epworth's dedicated GP liaison team, who provide the integral link between Epworth's specialists and services through GP education and communication programs.
