

Applications open Mon 31 July | Applications close Fri 1 September 2023

These grants are made possible with thanks to donors and sponsors of the Epworth Medical Foundation

Grant Overview

Epworth Innovation Grants support Epworth employees and VMOs (Visiting Medical Officers) by providing the means to **explore, identify and implement new and better ways of caring for our patients** and operating our business. Since being established in 1920 Epworth has always been an organisation which has fostered and encouraged innovation within our hospitals as means of ensuring that we provide the very best patient care possible.

Over the past 100 years this commitment to innovation can be seen in the many innovations achieved by Epworth.

The first private hospital in Australia with an intensive care facility	The first private hospital to perform open heart surgery in Australia	The first private hospital to introduce the NanoKnife in Australia	The first hospital to introduce scalp-cooling across our sites for chemotherapy patients
The first cardio-thoracic ward in a private hospital in Australia	The first hospital in Australia to introduce the da Vinci surgical robot	Providing Transcranial Magnetic Stimulation as an outpatient treatment	Will your project be the next BIG Innovation?

What is Innovation at Epworth?

Innovation at Epworth is defined as:

- The creation of genuinely original ideas or approaches; and
- Introduction of processes, equipment, products, technologies, or services that are new to Epworth, that improve on, or make a valuable contribution to patient care and the patient experience and/or improve operational productivity, efficiency, and cost effectiveness.

Innovation may take the form of:

- Process Improvement
- Patient Experience
- Medical Procedure / Device
- New Operating Model or Service Delivery Model

Available Funding

The total funding pool will be \$600,000 split across the following categories:

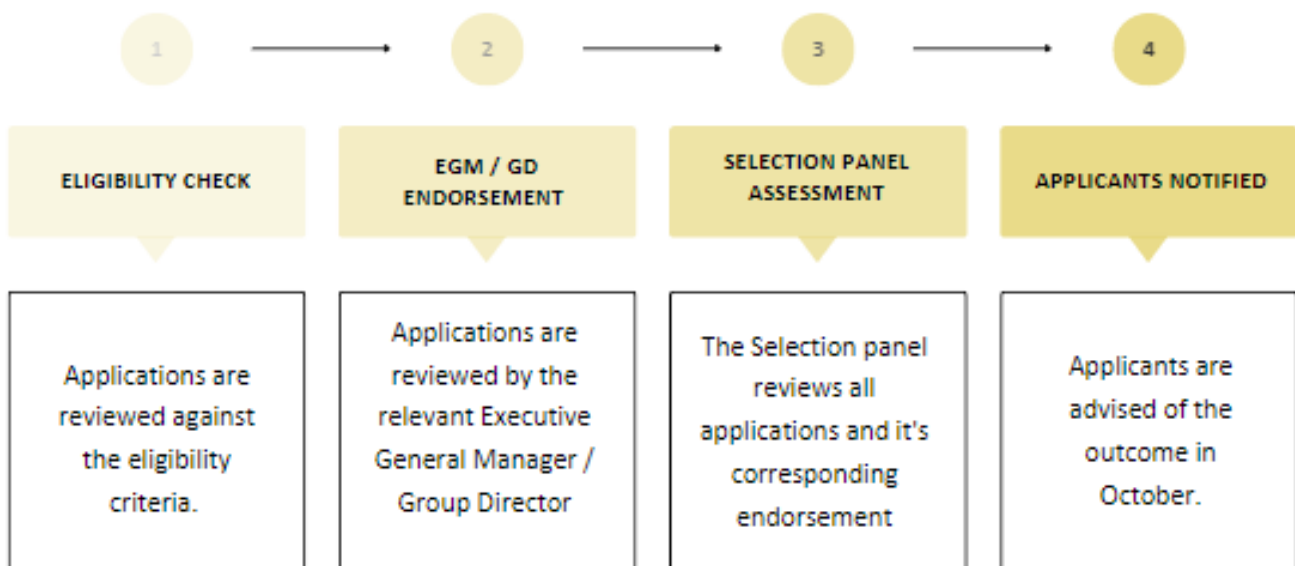

General Grants	Discipline Specific Grants
Up to \$100,000	Oncology \$25,000
Up to \$50,000	Intensive Care Unit \$25,000
Up to \$25,000	Mental Health \$20,000

Selection Criteria

Criteria	Weighting
Strategic Alignment Project works towards supporting one of Epworth’s 4 strategic pillars	20%
Impact on patients and/or organisation Implementation of project will do one (or more) of the following: improve the service and delivery of care to Epworth patients; improve operational productivity, efficiency, and cost effectiveness; improve our competitive advantage; deliver better outcomes.	20%
Viability Clear budget and implementation plan with reasonable timeframe and target dates to achieve anticipated outcomes.	20%
Sustainability The project is sustainable, self-funding or has site EGM endorsement for an ongoing budget beyond the life of the grant.	15%
Multi-disciplinary and/or multi-speciality and/or multi-site collaboration Project seeks to make improvement and efficiency across the Epworth group or is scalable.	10%
Consumer Advice Project plan demonstrates how consumers will be engaged in the design of the project.	10%
Experience in Project/Program Management Demonstrated ability to manage execution of grant.	5%

Budget items

All budget items that directly relates to the project development and implementation including fees of third-party providers of goods and services, travel to centres of excellence or labour costs of Epworth staff can be included.

Funds cannot be used for any costs that relate to commercialisation of results or developed assets.

Policy and Intellectual Property

As per Epworth's IP policy, where a third party, external to Epworth (e.g. other institution, other individual or a combination of both) will provide services or collaborate in the project or use of the grant funds awarded to the Epworth employee or VMO, an appropriate agreement will be required to be entered into between the grant recipient, the third party and Epworth. In these circumstances, release of the grant funds will be conditional on the execution of the agreement by all the relevant parties.
