

**DATE** WEDNESDAY 27th APRIL 2022

**TIME:** 7.00pm – 8.15pm

**SPEAKERS/TOPICS**

**Timing & Testing**

*Cardiology Update for GPs*

**1. TAVI-what to expect**

Presented by A/Prof Kean Soon, Interventional Cardiologist

**2. Syncope - when the lights go out**

Presented by A/Prof Michael Wong, Electrophysiologist

**Moderator:** A/Prof Martin Hiscock, Interventional Cardiologist

**OVERVIEW**

During this GP Webinar, our speakers will cover a brief introduction to transcatheter aortic valve implantation (TAVI) procedure, current evidence of TAVI versus surgical aortic valve replacement (SAVR) in patients with different risk profile, current guidelines on the treatment of aortic stenosis as well as the GP's role in managing TAVI patients.

They will also examine the burden of syncope in Australia, how to risk stratify and the different investigations to consider.

**LEARNING OUTCOMES**

1. Outline the current guidelines for treatment of aortic stenosis
2. Identify the GP's role in the management of TAVI patients
3. Identify the possible causes of syncope
4. Recognise which investigations to consider depending on level of risk

**REGISTRATION**

**REGISTER HERE** or visit <https://www.epworth.org.au/for-gps>

Registration requirements:

- First name and surname
- RACGP number
- General Practice name, suburb and postcode
- Occupation
