

STROKE RECOVERY AND REHABILITATION, What is it good for?

TUESDAY 24th OCTOBER 2023 | 12.30pm – 1.30pm
Accredited CPD activity | Webinar presentation with Q&A

PRESENTERS

Mr Matt Wingfield, Neurological Physiotherapist and PhD Candidate
Dr Kirily Adam, Rehabilitation Physician

OVERVIEW

Stroke survivors are growing in number and many are living in the community with impairments that are recoverable through rehabilitation. Rehabilitation services are available to all stroke survivors regardless of chronicity and include secondary stroke prevention and complication management.

In this webinar the current state of post stroke care in Australia and an overview of what rehabilitation has to offer will be discussed, including:

- Recovery of impairments
- Recovery of activities
- Secondary prevention
- Complication management

Case presentations will be featured.

LEARNING OUTCOME

- 1 Describe 3 areas that rehabilitation can impact a stroke survivor
