

Otolaryngology – Scope of Practice

Clinical Institute: Head and Neck

Procedure Name	Tier
All forms of surgery on the auditory canal, the tympanic membrane, and the contents of the middle and inner ear.	Tier A
Bronchoscopy (rigid or flexible) with biopsy, foreign body removal or stricture dilatation	Tier A
Caldwell Luc procedure -Sinus surgery: external approaches including maxillary, ethmoid and frontal sinuses	Tier A
Consulting	Tier A
Cryosurgery	Tier A
Decompression membranous labyrinth cochleosaculotomy, endolymphatic sac obliteration/decompression	Tier A
Endoscopic sinus surgery	Tier A
Endoscopy of the larynx, tracheobronchial tree, and oesophagus to include biopsy, excision, and foreign body removal.	Tier A
Harvesting of skin, fat or bone grafts of the head and neck, hip, trunk and extremities	Tier A
Implants and repair of implants	Tier A
Labyrinthectomy	Tier A
Lip surgery including lip shave, partial or total resection with primary repair or by local or distant flaps	Tier A
Mastoidectomy	Tier A
Oesophagoscopy (rigid or flexible) with biopsy, foreign body removal or stricture dilatation	Tier A
Otoplasty	Tier A
Radical surgery of the head and neck, including radical neck dissection, and radical excision of the maxillary antrum for tumour.	Tier A
Ranula excision	Tier A
Reconstructive procedure of the trachea and upper airway	Tier A
Reduction of facial fractures	Tier A
Repair fistula (OW, RW)	Tier A
Repair of fistulas: oral-antral, oral-nasal, oral-maxillary, oral-cutaneous, pharyngocutaneous, tracho-cutaneous, oesophagocutaneous	Tier A
Rhinoplasty, otoplasty, repair facial laceration	Tier A
Salivary gland and duct surgery, including plastic repair of salivary complex	Tier A
Skin grafting procedures, full thickness or split thickness	Tier A
Surgery of the larynx, including biopsy, partial or total laryngectomy	Tier A
Surgery of the nasopharynx, including nasal septoplasty, and surgery of the nasal mucosa and turbinates	Tier A
Surgery of the oral cavity, including soft palate, tongue. Mandible, composite resection and neck dissection	Tier A
Surgery of the oral pharynx, hypo pharynx, arytenoid cartilages and epiglottis	Tier A
Surgery on the frontal and maxillary sinuses, and ethmoid sinuses.	Tier A
Surgical removal of teeth in association with radical resection	Tier A
Suspension microlaryngoscopy	Tier A
Thyroidectomy	Tier A
Tongue surgery, reduction and local tongue flaps	Tier A

Tonsillectomy and adenoidectomy	Tier A
Cochlear implantation surgery	Tier B
Dacryocystorhinostomy	Tier B
Excision of glomus tumour	Tier B
Face lift, brow lift, blepharoplasty, autogenous/allografts, chemical peel, liposuction and Botox	Tier B
Facial sling procedure	Tier B
Image guided sinus surgery	Tier B
Laser laryngeal surgery	Tier B
Microvascular free flap reconstruction	Tier B
Myocutaneous flap (pectoralis, trapezius, sternocleidomastoid)	Tier B
Neuroendoscopy	Tier B
Osseo integrated implants, for auricular prosthesis, for bone anchored hearing aid.	Tier B
Otoneurology surgery	Tier B
Paediatric airway control including tracheotomy and tracheostomy	Tier B
Paediatric practice - Any clinical practice involving the treatment of a patient under the age of 18 years	Tier B
Parathyroidectomy	Tier B
Petrous apicectomy surgery plus radical mastoid	Tier B
Reconstruction congenital aural atresia	Tier B
Resection CP angle tumour	Tier B
Skull base surgery	Tier B
Trans Oral Robotic Surgery	Tier B
VII nerve decompression	Tier B
VII nerve repair/substitution	Tier B
