

Plastic Surgery – Scope of Clinical Practice

Clinical Institute: Head and Neck

Procedure Name	Tier
Accessory-facial nerve transfer	Tier A
Aesthetic/cosmetic surgery of the head and neck, and extremities	Tier A
Arthroplasty of large and small joints, including implants	Tier A
Axillary and groin nodal dissections	Tier A
Blepharoplasty	Tier A
Bone graft pertaining to the hand	Tier A
Brow lift	Tier A
Carpal tunnel decompression	Tier A
Chemical peel	Tier A
Chemosurgery	Tier A
Closure and grafting of alveolar cleft	Tier A
Consulting	Tier A
Correction of facial paralysis	Tier A
Craniofacial surgery	Tier A
Dermabrasion	Tier A
Facial plastic surgery to include cosmetic surgery on the face, nose, external ear, eyelids, and lips	Tier A
Fascial sling procedures	Tier A
Fasciotomy and fascietomy	Tier A
Fracture fixation with compression plates or wires	Tier A
Free tissue transfer flap with microvascular anastomosis	Tier A
Hair transplantation, punch or strip	Tier A
Harvesting of bone graft for maxillofacial reconstruction from maxillofacial region	Tier A
Hypoglossal-facial nerve transfer	Tier A
Intraoral and extraoral surgery to include management of deep space infections, major lacerations, minor and major cysts or tumours, excision of ranula, correction of soft and hard tissue deformities, (including chin), preprosthetic surgery, repair of oral-antral fistula, Cladwell-Luc procedure for the removal of tooth, repair of alveolar clefts, salivary duct surgery, submandibular, sublingual surgery	Tier A
Lacerations	Tier A
Lacerations of the face, head and neck	Tier A
Lip shave and chilooplasty for benign disease	Tier A
Liposuction or lipo-injection procedure for contour restoration, head and neck, trunk and extremities	Tier A
Major head and neck radical cancer surgery and reconstruction	Tier A
Management of all forms of facial or maxillofacial trauma including fractures	Tier A
Management of frontal sinus fractures	Tier A
Management of patients with burns, including plastic procedures on the extremities	Tier A
Management of temporomandibular joint (TMJ) disturbances (open and closed)	Tier A
Maxillectomy and mandibulectomy	Tier A
Mentoplasty	Tier A
Microsurgical free flap	Tier A
Microvascular procedures	Tier A

Nerve graft	Tier A
Neurorrhaphy	Tier A
Open and closed reductions of facial fractures excluding frontal sinus fractures	Tier A
Open and closed reductions of fractures	Tier A
Open and closed reductions of mandibular fractures	Tier A
Orthognathic surgery	Tier A
Osseo integration	Tier A
Plastic procedures of external and internal male and female genitalia	Tier A
Plastic procedures on the male and female breast, including augmentation and reduction, mammoplasties, postmastectomy reconstruction	Tier A
Plastic reconstruction of all forms of congenital and acquired soft tissue anomalies, including those requiring the use of skin grafting procedures, the use of pedicle flaps or collagen injection	Tier A
Plastic reconstruction of soft tissue disfigurement or scarring for cosmetic or functional reasons	Tier A
Reconstruction aural microtia	Tier A
Reconstruction eyelid, ptosis repair	Tier A
Removal of benign and malignant tumours of the skin	Tier A
Removal of soft tissue mass, ganglion palm or wrist, flexor sheath etc	Tier A
Repair of rheumatoid arthritis deformity	Tier A
Replantation of amputated parts	Tier A
Resection of intra oral tumours, oral cavity, palate	Tier A
Resection of parotid tumours	Tier A
Rhyidectomy	Tier A
Skin grafts	Tier A
Surgery of congenital anomalies, including cleft lip and cleft palate	Tier A
Temporomandibular joint surgery	Tier A
Tendon reconstruction (free graft, staged)	Tier A
Tendon release, repair and fixation	Tier A
Tendon transfers	Tier A
Treatment of infections	Tier A
Upper lid gold weight placement	Tier A
Wrist arthroscopy	Tier A
Cervical nodal dissections	Tier B
Cleft lip and palate repair	Tier B
Endoscopic carpal tunnel release	Tier B
Endoscopic facial surgery	Tier B
Laser skin resurfacing	Tier B
Nerve transfer +/- tendon transfer for tetraplegia (upper limb)	Tier B
Paediatric practice - Any clinical practice involving the treatment of a patient under the age of 18 years	Tier B
Repair of cleft palate defects	Tier B
Ultrasound-assisted liposuction	Tier B
